Oklahoma City, Ok., Dec. 21.—William Cross, secretary of state, who recently entered a hospital here, has improved to such an extent that he was able to go for a walk today.

## A \$99,000.00 CITY BOND SALE

The Public Improvements can Now be Made, and Ada Will Take an Advanced Step.

Ninety-nine thousand dollars worth of Ada bonds sold for par and accrued interest.

Eighty-one thousand and five hundred of these bonds are for public improvements in the city of Ada. Seventeen thousand five hundred dollars worth are for warrant indebtedness.

Bolger & Co., of Chicago, are the purchasers of the bonds, and E. D. Blanton, with headquarters at Gainesville, Tex., handled the deal.

The bond issue for improvements is as follows:

A public sanitary main sewer .....	\$ 32,500.00
A storm sewer .....	7,500.00
Water pipe extensions .....	13,500.00
City hall .....	15,000.00

Street improvements ..... 10,000.00

Park improvements ..... 3,500.00

The consummation of the sale of these bonds, is the finale of the preliminaries, except the formality of issuing them, that is necessary to the commencement on the work of the improvements outlined.

This means a greater Ada, a more beautiful Ada, a more cosmopolitan Ada, and the passing of the period from swaddling clothes to the garments of a full-grown.

Every phase of business interests in Ada will take on new life and renewed energy.

The expenditure of this amount of money means idle people employed, and the putting into circulation outside capital, nearly every dollar of which will remain in Ada.

The city council as a whole, and individually, are entitled to credit for the successful consummation of this important financial deal. They have spent much time to do what was conceived to be for the best interests of Ada, and they succeeded most admirably.

It is believed that the money will be available for use by January 20th, and then as rapidly as contracts can be made and weather permit, the work will be pushed to completion.

## DALTON RAID IS REPRODUCED

Coffeyville, Dec. 21.—Under the personal direction of Emmet Dalton here the Dalton raid of sixteen years ago was re-enacted for a moving picture company. Nearly 2,000 feet of films were made. In the original raid in 1892 Emmet Dalton was severely wounded and three of his companions were killed.

Dalton selected four companions from a theatrical company. He picked them as nearly as possible to resemble his two brothers and his two companions in the raid. When the selections were made the five men went to the dressing rooms of the theater and selected regulation cowboy attire. Then they mounted horses and rode to the timber. The first picture was that of the breakfast on the banks of Onion creek, just before riding into the city for the robbery. An amusing feature was the usual morning target practice. This consisted of placing an egg on a post and firing at it with a revolver. At the flash of the revolver showed in the picture the egg was broken. The shot that broke it, however, came not from the revolver, but from a shotgun, fired at it from unseen point.

The target practice was followed by a race through the country roads. In this Emmet Dalton shows very plainly. Next is seen one of the oldest houses in the city where there is an old fashioned outside stairway. The bandits rob this house in great style. Many pictures of the buildings occupied by the banks in 1892 were taken. The interiors of the banks must be stage pictures, however, as the local banks would not listen to any proposition to be used as the scenes of a repetition of the bloody battle of October 5, 1892. The moving picture battle will be fought out on the stage of a local theater and then be thrown on the film in connection with the actual buildings to give the picture a fairly accurate resemblance to what took place in the real raid.

Slayer of Neighbor Surrenders.  
Apache, Okla., Dec. 21.—Joseph Blair, charged with killing Tom Kern, a neighbor, has surrendered himself to deputies here. The men lived on adjoining farms and the tragedy occurred near the dividing line. Kern was shot in the abdomen and died almost instantly. Blair has a wife and five children. Kern was a single man and lived with his sister.

Anti-Trust Law Is Valid.  
Guthrie, Ok., Dec. 21.—That the anti-trust law passed by the Oklahoma Territorial legislature in 1890 is valid, and not in conflict with the Sherman anti-trust act, was a holding of the supreme court in cases for violations of the law against combinations in restraint of trade appealed from Kingfisher county, in an opinion delivered today by Associate Justice Dunn.

### NEW CONTROL IN VENEZUELA

Port of Spain, Trinidad, Dec. 21.—Vice President J. Vincente Gomez to whom Gen. Cipriano Castro handed over the presidency on his departure for Europe, has established a new government in Venezuela. He has replaced the old ministry, the leader of which was Dr. Jose de Jesus Paul, the minister of foreign affairs, who has been the one figure outside of Castro himself in the negotiations that culminated in the ousting of Minister de Reus, and the severance of diplomatic relations with Holland, with a new body of men who represent various factions in the state and who have figured prominently in various ways in the history of the country.

Not only has Dr. Paul disappeared from the councils of the nation, but Dr. Baldo, who is now traveling in Castro's suite abroad, also has been removed from his official position as minister of education. Gen. Diego Ferren, the minister of war, who also was war minister in the age of acting president Gomez, in 1906, has been superseded by Gen. Olivares, who took a prominent part in crushing the revolutionists two years ago.

Washington, Dec. 21.—The most complete mystery, so far as any official admission can be obtained, surrounds the destination of the battleship Maine, which left Norfolk today under sealed orders.

Neither the state nor the navy department officials will make any statement on the subject further than to say that the vessel has gone "on a cruise," and they will neither deny nor affirm rumors for duty in the vicinity of Venezuelan waters. The American government is without any moral representation in the immediate section, and should an outbreak against the existing government occur, such American interests as may exist in the ports of Laguyra, Porto Cabello, and Maracaibo, would have to appeal to the navies of foreign nations for help.

While the crops are short and the whole country is just recovering from a financial crisis unequalled in many years, Ada continues to grow and the prospects for next year the brighter than ever.

Don't sulk and wear a long face when things are not running just to suit you. Look the situation squarely in the face and do your best to work out the problems that confront you. By allowing yourself to become pessimistic you only help to make the situation a harder one.—Denison Herald.

That is a true axiom in every walk of life, and these difficulties we encounter are not half so hard to overcome if we make up our mind to surmount them.

## ADA LEADING CITY.

Mr. J. F. Simmons of St. Jo, Tex., and owner of a piece of 12th street property, arrived in Ada this morning for the purpose of sizing things up in general. He declared that it only needed a cursory view to impress any one who had been about some that Ada's foundation was deeply laid and that at present it was notably the best town the south one-half of Oklahoma. Mr. Simmons regret that he did not invest more in Ada during the pioneer times is both touching and funny. Mr. Simmons did not indicate whether he would at an early time construct a brick building on his property.

## PRESS COMMENT.

The republican standpaters received a pretty hard jolt when the head of the Steel Trust said that they could operate profitably without the protection tariff.—Denison Herald.

The state banks of Oklahoma have increased their deposits four million dollars in two months. This remarkable record is due directly to the state guaranty law which has justified all the good things and none of the bad things said concerning it.—Ardmoreite.

If some of our pessimistic, calamity howling friends would brighten up to an optimistic view of things in general and more especially on the question of "hard times," we believe that time would not be so hard as they imagine they are.—Durant News.

## THE INCORRIGIBLE BOYS

Guthrie, Ok., Dec. 21.—Asserting that the "child is the state's best asset and that the world's future lies hidden away in the thoughts and tendencies of a little child." Miss Kate Barnard will urge upon the coming legislature the establishment of state industrial schools for incorrigible and criminally inclined boys and girls.

She declares that there are 150 such children in the state who are running the streets unrestrained or are housed in county and city jails. Miss Barnard will also urge the establishment of a home for the weak minded, sixty-five of whom are now in the state hospital for the insane.

## Seventy-five Wayward Girls.

Miss Barnard's recent report shows that there are seventy-five wayward girls between the ages of 8 and 16 years who should be restrained and educated in some useful trade or occupation under the shelter of a state institution.

In an effort to impress upon the minds of the legislators the great need of state industrial schools for boys and girls Miss Barnard makes public several letters she has received from parents and county officials over the state.

From a county officer at Merford comes a letter stating that in the jail of Grant county are several boys who are habitual thieves. The boys are badly raised, stay out in the fields of the time when not restrained in jail, and when they are tried for an offense their parents

make no effort to help them and do not even appear in court. The letter declares that the parents of the boys are themselves thieves and that there should be some place where these boys could be taken away from their present baneful influences.

## Boys Terrorize Towns.

The people at Lookout, Ok., are afraid to go away from home, fearing the depredations of two boys in the neighborhood according to another letter. These boys have recently repeatedly broken into stores and residences and stolen money and valuables and, as there is no place to send them permanently, they return to their depredations as soon as released from jail.

A mother at Asher writes that she has two boys who are roaming about and refuse to go to school and she appeals to Miss Barnard to find an industrial institution for them where they will be compelled to go to school.

A pathetic case in which a boy of 14 years was compelled to steal to keep from starving to death is reported from Guymon. The boy's parents are dead and he was living with a brother. The brother came home one day in a drunken condition and drove his wife and children from his home, including the boy in question. The youth wandered about homeless and was on the point of starvation when he entered a house and stole \$60. He confessed his offense and the county officers did not feel like placing him in jail and

were at a loss to know what to do with him.

## Letters From Parents.

The list of letters includes one from a father at Spiro, who states that he is a widower and has been keeping his 15-year-old boy with him but that he is crippled and sick and must go to a hospital. The father states that the boy has gotten beyond his control and will be homeless when he breaks up housekeeping, and pleads for some place where his boy may be cared for and educated.

From Hartshorne comes the report that two boys, 8 and 12 years old, have repeatedly broken into cars and entered houses, stealing money and goods, and that their mother, who is a good woman and compelled to take in washing for a living, is unable to control them. The father of the boys is declared to be a gambler, who stays away from home about half the time and pays no attention to his children.

The county officer who writes the letter states that he is ashamed to send mere babies to jail and is at a loss to know what disposition to make of these children.

### Amusements.

McDonald Stock Co., scored a big hit at the opera house last night by presenting S. S. Leibert's famous labor play, The Mechanic, and the Lady. Miss Hazelle McDonald, in the title roll, played the part in a very acceptable manner. Her acting and singing is far above the average seen with a popular priced show. The musical act by the Musical McDonalds, was a decided hit, and a clever novelty. This famous company will hold the boards all week, changing plays and specialties each night and Ada theater goers will have a treat in the way of new plays and specialties.

Tonight the offering will be "The Burglar and the Wait." Prices 15, 25 and 35c.

### COTTON COMPRESS RECEIPTS

The Ada Cotton Compress is one of the important industries of this city that draws outside patronage, and thereby gives employment to a number of people who spend their earnings here.

The railroad receipts up to date amount to about 20,000 bales, while the local amounts to about 5,000.

Douglas Lassater, the manager of the Ada Compress is an indefatigable worker, a most capable cotton man and one of the all round good citizens who keep Ada in the forefront.

In addition to these cotton receipts, other yards and the gins have several thousand bales.

Ada is every year improving as a cotton center, and it is brought about by its vantage point of three railway systems, cotton compress, cotton seed oil mill and cotton buyers from all principal points, as well as those for export.

Frierson Bros., who buy cotton for export, have by their fair dealings and high grade of cotton shipped abroad, made for Ada a name in the cotton world that is second to none, when the amount of shipments are considered.

Be it Ordained by the Mayor and Councilmen of the City of Ada:

Section 1. That it shall be unlawful for any firm, corporation, person, or persons to erect, construct, or maintain any awning over the sidewalk within the corporate limits of the City of Ada, unless said awnings shall be suspended from the said buildings by iron or steel bars, firmly implanted in the walls of said buildings and not supported by any posts whatsoever, and have iron or metal framework with cloth, canvass, metal, or corrugated iron covering, and the lowest part of said awning, where it extends over the sidewalk, shall be at least seven feet above the same and said awning shall not extend more than eight feet over the said sidewalk. Provided, however, that such awnings as are now in good repair shall not be condemned, but shall be allowed to remain until such time as they are deemed unsafe, then said awnings may be condemned in the manner hereinafter set out, and the provisions of this ordinance enforced.

Section 2. When any awning shall have been constructed in said city contrary to the provisions of this ordinance, or when any awning, constructed approved for in this ordinance shall become unsafe, or when any awning now existing at the date of the passage and approval of this ordinance shall become unsafe, it shall be the duty of the sidewalk committee of said city council to report the same to the council at its next meeting, whereupon the council shall pass a resolution condemning said awning or awnings and order the same removed and torn down.

Section 3. When any awning shall be condemned as hereinbefore provided, the owner, agent, or occupant of said premises shall be given five days' notice in writing, by the marshal of said city, to remove said awning or awnings within five days from the service of said notice; and if the said awning or awnings are not removed within such time, the said marshal shall proceed at once

to tear down the same and to sell the material thereof to pay for the expense of such work, at public outcry, without further notice. The said city marshal shall be allowed twenty-five cents for each twenty-five feet of awning so torn down by him, and shall be allowed to employ such help as he may need in the execution of such work, and to pay for the same at the regular and customary price for such work. When said material in said awning shall have been sold as provided for herein, the excess, if any, above the cost of the removal, shall be paid to the owner of said building; but if the amount of said sale be less than the cost of removal, the said city shall pay the deficit.

Section 4. That all ordinances and parts of ordinances in conflict herewith are hereby repealed.

Section 5. An emergency is hereby declared by reason whereof it is necessary for the immediate preservation of the public peace, health and safety that this ordinance take effect and be in force from and after its passage, approval and publication.

Passed and approved this the 21st day of Dec. 1908.

## A \$99,000.00 CITY BOND SALE

The Public Improvements can Now  
be Made, and Ada Will Take an  
Advanced Step.

Ninety nine thousand dollars worth  
of Ada bonds sold for par and ac-  
crued interest

Eighty-one thousand and five hun-  
dred of these bonds are for public  
improvements in the city of Ada.  
Seventeen thousand five hundred  
dollars worth are for warrant in-  
debtedness.

Bolger & Co of Chicago are the  
purchasers of the bonds and E D  
Blanton with headquarters at Coun-  
estille Tex handled the deal.

The bond issue for improvements

A public sanitary main	
A sewer	\$ 32,000 00
A storm sewer	7,000 00
Water pipe extensions	13,000 00
City hall	10,000 00

Street improvements 10,000 00

Park improvements 500 00

The consummation of the sale of  
these bonds is the finale of the pre-  
liminaries except the formality of  
issuing them that is necessary to  
the commencement on the work of  
the improvements outlined.

Thus to us a greater Ada a more  
beautiful Ada a more cosmopolitan  
Ada and the passing of the period  
from swaddling clothes to the gar-  
ments of a full grown

Every phase of business interests  
in Ada will take on new life and  
renewed energy

The expenditure of this amount of  
money means idle people employed  
and the putting into circulation out-  
side capital nearly every dollar of  
which will remain in Ada.

The city council as a whole and  
individually are entitled to credit  
for the successful consummation of  
this important financial deal. They  
have spent much time to do what  
was conceived to be for the best in-  
terests of Ada and they succeeded  
most admirably.

It is believed that the money will  
be available for use by January  
10th and then as rapidly as con-  
tracts can be made and weather per-  
mit the work will be pushed to  
completion.

## DALTON RAID IS REPRODUCED

Cody, Wyo Dec 21—Under the  
personal direction of Emmet Dalton  
the Dalton gang of sixteen ven-  
tured on a raid for a moving  
picture company. Nearly 1,000 feet  
of film were made in the original  
raid in 1912. Emmet Dalton was se-  
verely wounded and three of his  
companions were killed.

Dalton selected four companions  
from a theatrical company. He pick-  
ed them as nearly as possible to re-  
semble his two brothers and his  
two companions in the raid. When  
the selections were made the five  
men went to the dressing rooms  
of the theater and selected regula-  
tion cowboy attire. Then they mount-  
ed horses and rode to the timber.  
The first picture was that of the  
bandit on the banks of Omon  
creek just before riding into the  
city for the robbery. An amusing  
feature was the usual morning tar-  
get practice. This consisted of plac-  
ing an egg on a post and firing at  
it with a revolver. At the flash of  
the revolver showed in the picture  
the egg was broken. The shot that  
broke it however came not from  
the revolver but from a shotgun  
fired at it from unseen point.

The target practice was followed  
by a race through the country roads.  
In this Emmet Dalton shows very  
plainly. Next is seen one of the  
oldest houses in the city where  
there is an old fashioned outside  
stairway. The bandits rob this house  
in great style. Many pictures of  
the buildings occupied by the banks  
in 1912 were taken. The interiors  
of the banks must be stage pictures  
however as the local banks would  
not listen to any proposition to be  
used as the scenes of a repetition of  
the bloody battle of October 5, 1912.  
The moving picture battle will be  
fought out on the stage of a local  
theater and then be thrown on the  
film in connection with the real  
bandits to give the picture a fair  
and accurate resemblance to what  
took place in the real raid.

Slayer of Neighbor Surrenders.  
Atache Okla Dec 21—Joseph  
Blair charged with killing Tom  
Kern a neighbor has surrendered  
himself to deputies here. The men  
lived on adjoining farms and the  
tragedy occurred near the dividing  
line. Kern was shot in the ab-  
domen and died almost instantly.  
Blair has a wife and five children.  
Kern was a single man and lived  
with his sister.

## NEW CONTROL IN VENEZUELA

Port of Spain Trinidad Dec 21—  
Vice President J. Vicente Gomez  
to whom Gen Cipriano Castro hand-  
ed over the presidency on his de-  
parture for Europe has established a  
new government in Venezuela. He  
has replaced the old ministry  
leader of which was Dr. Jose  
Jesus Puel the minister of foreign  
affairs who has been the one figure  
outside of Castro himself in the ne-  
gotiations that culminated in the  
ousting of Minister de Raus and the  
severance of diplomatic relations with  
Holland with a new cabinet  
who represent various factions in  
the state and who have moved  
prominently in various ways in the  
history of the country.  
Not only has Dr. Puel been removed  
from the ministry but also Gen. Puel  
Dr. Balboa, who is now traveling in  
Castro's suite and who has been re-  
moved from the official position as  
minister of education. Gen. Puel  
Fernandez, the minister of war and  
also; was removed from office.

act of acting president Gomez in  
1904, has been superseded by Gen.  
Gomez who took a prominent part  
in crushing the revolutionists two  
years ago.

Washington Dec 21—The most  
complete mystery so far as any of-  
ficial admission can be obtained,  
surrounds the destination of the  
battleship Maine which left Nor-  
folk today under sealed orders.

Neither the state nor the navy  
department officials will make any  
statement on the subject further  
than to say that the vessel has  
gone on a cruise and they will  
neither deny nor affirm rumors for-  
d in the vicinity of Venezuela  
waters. The American government is  
without any moral representation in  
the immediate action and should  
in outbreak against the existing gov-  
ernment occur such American in-  
terests as may exist on the ports  
of Lagayra, Porto Mabella and Mar-  
valba would, however, appeal to the  
policy of foreign nations for help.

## ADA LEADING CITY.

Mr. J. P. Simmons of St. Jo, Tex. and owner of a piece of 12th street property arrived in Ada this morning for the purpose of sizing things up in general. He declared that it only needed a cursory view to impress any one who had been about some that Ada's foundation was deeply laid and that at present it was notably the best town in the south one-half of Oklahoma. Mr. Simmons regretted that he did not invest more in Ada during the pioneer times as both touching and funny. Mr. Simmons did not indicate whether he would at an early time construct a brick building on his property.

## THE INCORRIGIBLE BOYS

Guthrie Ok. Dec. 21.—Asserting that the child is the state's best asset and that the world's future lies hidden away in the thoughts and tendencies of a little child, Miss Kate Barnard will urge upon the coming legislature the establishment of state industrial schools for incorrigible and criminally inclined boys and girls.

She declares that there are 150 such children in the state who are running the streets unrestrained or are housed in county and city jails. Miss Barnard will also urge the establishment of a home for the weak minded six-five of whom are now in the state hospital for the insane.

## Seventy-five Wayward Girls.

Miss Barnard's recent report shows that there are seventy-five wayward girls between the ages of 8 and 16 years who should be restrained and educated in some useful trade or occupation under the shelter of a state institution.

In an effort to impress upon the minds of the legislators the great need of state industrial schools for boys and girls, Miss Barnard makes public several letters she has received from parents and county officials over the state.

From a county officer at Merford comes a letter stating that in the jail of Grant county are several boys who are habitual thieves. The boys are badly raised, stay out in the fields of the time when not restrained in jail and when they are tried for an offense their parents

make no effort to help them and do not even appear in court. The letter declares that the parents of the boys are themselves thieves and that there should be some place where these boys could be taken away from their present baneful influences.

## Boys Terrorize Towns.

The people at Lookout Ok. are afraid to go away from home fearing the depredations of two boys in the neighborhood according to an other letter. These boys have recently repeatedly broken into stores and residences and stolen money and valuables and as there is no place to send them permanently they return to their depredations as soon as released from jail.

A mother at Asher writes that she has two boys who are roaming about and refuse to go to school and she appeals to Miss Barnard to find an industrial institution for them where they will be compelled to go to school.

A pathetic case in which a boy of 14 years was compelled to steal to keep from starving to death is reported from Guwano. The boy's parents are dead and he was living with a brother. The brother came home one day in a drunken condition and drove his wife and children from his home including the boy in question. The youth wandered about homeless and was on the point of starvation when he entered a house and stole \$60. He confessed his offense and the county officers did not feel like placing him in jail and

were at a loss to know what to do with him.

## Letters from Parents.

The list of letters includes one from a father at Spiro who states that he is a widower and has been keeping his 10 year old boy with him but that he is crippled and sick and must go to a hospital. The father states that the boy has gotten beyond his control and will be homeless when he breaks up housekeeping and pleads for some place where his boy may be cared for and educated.

From Hartshorne comes the report that two boys 8 and 12 years old have repeatedly broken into cars and entered houses stealing money and goods and that their mother who is a good woman and compelled to take in washing for a living is unable to control them. The father of the boys is declared to be a gambler who stays away from home about half the time and pays no attention to his children.

The county officer who writes the letter states that he is ashamed to send mere babies to jail and is at a loss to know what disposition to make of these children.

just now to remind you again that in buying here you can't go wrong on quality; "good clothes and nothing else" means more than usual at this season.

And our method and policy is to help you buy, rather than to try to get you to buy; and we allow you to change your mind about it afterward—you can bring back goods here and get the money for them if you choose.

Don't let the holiday idea quite drive out of your mind buying a **Hart, Schaffner & Marx** Suit or Cravenett at

### Amusements.

McDonald Stock Co., scored a big hit at the opera house last night by presenting S. S. Leibert's famous labor play, The Mechanic, and the Lady. Miss Hazelle McDonald, in the title roll, played the part in a very acceptable manner. Her acting and singing is far above the average seen with a popular priced show. The company is evenly balanced and each actor handled their respective parts in a masterly manner. The musical act by the Musical McDonalds, was a decided hit, and a clever novelty. This famous company will hold the boards all week, changing plays and specialties each night and Ada theater goers will have a treat in the way of new plays and specialties.

Tonight the offering will be "The Burglar and the Wife." Prices 15, 25 and 35c

### COTTON COMPRESS RECEIPTS

The Ada Cotton Compress is one of the important industries of this city that draws outside patronage, and thereby gives employment to a number of people who spend their earnings here.

The railroad receipts up to date amount to about 20,000 bales, while the local amounts to about 5,000.

Douglas Lassater, the manager of the Ada Compress is an indefatigable worker, a most capable cotton man and one of the all round good citizens who keep Ada in the forefront.

In addition to these cotton receipts, other yards and the mills have several thousand bales.

Ada is every year improving as a cotton center, and it is brought about by its vantage point of three railway systems, cotton compress, cotton seed oil mill and cotton buyers from all principal points, as well as those for export.

Frerison Bros., who buy cotton for export, have by their fair dealings and high grade of cotton shipped abroad, made for Ada a name in the cotton world that is second to none, when the amount of shipments are considered.

### ORDINANCE NO. 164.

An Ordinance Regulating the Building and Maintaining of Awnings in the City of Ada, Oklahoma.

Be it Ordained by the Mayor and Councilmen of the City of Ada:

Section 1. That it shall be unlawful for any firm, corporation, person, or persons to erect, construct, or maintain any awning over the sidewalk, or any part of the sidewalk, within the corporate limits of the City of Ada, unless said awnings shall be suspended from the said buildings by iron or steel bars, firmly implanted in the walls of said buildings and not supported by any posts whatsoever, and have iron or metal framework with cloth, canvas, metal, or corrugated iron covering, and the lowest part of said awning, where it extends over the sidewalk, shall be at least seven feet above the same and said awning shall not extend more than eight feet over the said sidewalk. Provided, however, that such awnings as are now in good repair shall not be condemned, but shall be allowed to remain until such time as they are deemed unsafe, then said awnings may be condemned in the manner hereinafter set out, and the provisions of this ordinance enforced.

Section 2. When any awning shall have been constructed in said city contrary to the provisions of this ordinance, or when any awning, constructed approved for in this ordinance shall become unsafe, or when any awning now existing at the date of the passage and approval of this ordinance shall become unsafe, it shall be the duty of the sidewalk committee of said city council to report the same to the council at its next meeting, whereupon the council shall pass a resolution condemning said awning or awnings and order the same removed, and torn down.

Section 3. When any awning shall be condemned as hereinbefore provided, the owner, agent, or occupant of said premises shall be given five days' notice in writing, by the marshal of said city, to remove said awning or awnings within five days from the service of said notice; and if the said awning or awnings are not removed within such time, the said marshal shall proceed at once

to tear down the same and to sell the material thereof to pay for the expense of such work, at public outcry, without further notice. The said city marshal shall be allowed twenty-five cents for each twenty-five feet of awning so torn down by him, and shall be allowed to employ such help as he may need in the execution of such work, and to pay for the same at the regular and customary price for such work. When said material in said awning shall have been sold as provided for herein, the excess, if any, above the cost of the removal, shall be paid to the owner of said building; but if the amount of said sale be less than the cost of removal, the said city shall pay the deficit.

Section 4. That all ordinances and parts of ordinances in conflict herewith are hereby repealed.

Section 5. An emergency is hereby declared by reason whereof it is necessary for the immediate preservation of the public peace, health and safety that this ordinance take effect and be in force from and after its passage, approval and publication.

Passed and approved this the 21st day of Dec. 1908.

### HOME GOING.

What a man thinks about his home in the hour when he turns homeward is a luminous discovery of his character.

The man who goes home languidly and without longing is not the husband or father or son that he ought to be. The man who returns from the great world to his own doorstep without care is a poverty-stricken soul. He demonstrates in that poverty that he has never given anything unselfishly out of his life to make his home a place worthy to be lived in.

On the other hand the man who approaches home with rising joy and quickened affections is he to whom the dear ones within the home have surely owed many consecrated services of love.—The Interior.

A neglected Bible means a starved and strengthless spirit; a comfortless heart; a barren life; and a grieved Holy Ghost. If the people who are now perpetually running about to meetings for crumbs of help and comfort, would only stay at home and search their Bibles there would be more happiness in the church, and more blessing in the world. It is prosaic counsel; but it is true.—B. F. Meyer.

We are now prepared to make buttons of all sizes.

### ONE WEEK SPOT.

Most Ada People Have a Weak Part and Too Often It Is The Back.

Everyone has a weak spot. Too often it is the back. Twinges follow every sudden twist. Dull aching keeps up, day and night.

Tell you the kidneys need help—For backache is really kidneyache. A kidney cure is what you need. Doan's Kidney Pills cure sick kidneys.

Cure backache and urinary ills. Ada people recommend the remedy. E. L. Canterbury, Sixteenth St., Ada, Okla., says: "I can recommend Doan's Kidney Pills very highly as they cured me of a distressing case of kidney complaint. My back was so weak at times that I was unable to work, in fact, found it very difficult to walk. Dull, nagging pains through my loins also caused me great misery and I had sharp twinges when I attempted to stoop or to lift. The kidney secretions were much too frequent in passage and caused me additional annoyance. Doan's Kidney Pills procured at G. M. Ramsey's Drug Store rid me of the trouble and I have had no return of it since."

For sale by all dealers. Price 50 cents. Foster-McBurn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## A \$99,000.00 CITY BOND SALE

The Public Improvements can Now  
be Made, and Ada Will Take an  
Advanced Step.

Ninety nine thousand dollars worth  
of Ada bonds sold for par and ac-  
crued interest.

Eighty-one thousand and five hun-  
dred of these bonds are for public  
improvements in the city of Ada.

Seventeen thousand five hundred  
dollars worth are for warrant in-  
debtedness.

Bolger & Co. of Chicago are the  
purchasers of the bonds and E. D.  
Blanton with headquarters at Cum-  
mingsville, Tex. handled the deal.

The bond issue for improvements  
is as follows:

A public sanitary main	\$32,500.00
A sewer	7,000.00
A storm sewer	13,000.00
A water pipe extensions	10,000.00
City hall	10,000.00

Street improvements 10,000.00

Park improvements 500.00

The consummation of the sale of  
these bonds is the finale of the pre-  
liminaries except the formality of  
issuing them that is necessary to  
the commencement on the work of  
the improvements outlined.

This is the greatest Ada a more  
beautiful Ada a more cosmopolitan  
Ada and the passing of the period  
from swaddling clothes to the gar-  
ments of a full grown.

Every phase of business interests  
in Ada will take on new life and  
renewed energy.

The expenditure of this amount of  
money means idle people employed  
and the putting into circulation out-  
side capital nearly every dollar of  
which will remain in Ada.

The city council as a whole and  
individually are entitled to credit  
for the successful consummation of  
this important financial deal. They  
have spent much time to do what  
was conceived to be for the best in-  
terests of Ada and they succeeded  
most admirably.

It is believed that the money will  
be available for use by January  
10th and then as rapidly as con-  
tracts can be made and weather per-  
mit the work will be pushed to  
completion.

### DALTON RAID IS REPRODUCED

Conte, Mo. Dec. 21.—Under the  
personal direction of Emmet Dalton  
the Dalton band of six men  
recently made a move on  
the picture company. Nearly 2,000 feet  
of film were made in the original  
in 1892 Emmet Dalton was se-  
verely wounded and three of his  
companions were killed.

Dalton selected four companions  
from a theatrical company. He pick-  
ed them as nearly as possible to re-  
semble his two brothers and his  
two companions in the raid. When  
the selections were made the five  
men went to the dressing rooms  
of the theater and selected regula-  
tor cowboy attire. Then they mount-  
ed horses and rode to the timber.  
The first picture was that of the  
breakfast on the banks of Onion  
creek just before riding into the  
city for the robbery. An amusing  
feature was the usual morning tar-  
get practice. This consisted of plac-  
ing an egg on a post and firing at  
it with a revolver. At the flash of  
the revolver showed in the picture  
the egg was broken. The shot that  
broke it however came not from  
the revolver but from a shotgun  
fired at it from unseen point.

The target practice was followed  
by a race through the country roads.  
In this Emmet Dalton shows very  
placidly. Next is seen one of the  
oldest houses in the city where  
there is an old fashioned outside  
stairway. The bandits rob this house  
in great style. Many pictures of  
the buildings occupied by the banks  
in 1892 were taken. The interiors  
of the banks must be stage pictures  
however as the local banks would  
not listen to any proposition to be  
used as the scenes of a repetition of  
the bloody battle of October 5, 1892.  
The moving picture battle will be  
fought out on the stage of a local  
theater and then be thrown on the  
film in connection with the re-  
production to give the picture a fair  
and accurate resemblance to what  
took place in the real raid.

Slayer of Neighbor Surrenders.  
Apache Okla. Dec. 21.—Joseph  
Blair charged with killing Tom  
Kern a neighbor has surrendered  
himself to deputies here. The men  
lived on adjoining farms and the  
tragedy occurred near the dividing  
line. Kern was shot in the ab-  
domen and died almost instantly.  
Blair has a wife and five children.  
Kern was a single man and lived  
with his sister.

### NEW CONTROL IN VENEZUELA

Port of Spain Trinidad Dec. 21.—  
Vice President J. Vincente Gomez  
to whom Gen. Cipriano Castro hand-  
ed over the presidency on his de-  
parture for Europe has established a  
new government in Venezuela. He  
has replaced the old ministry  
leader of which was Dr. Jose  
Jesus Paul the minister of foreign  
affairs who has been the one figure  
outside of Castro himself in the  
negotiations that culminated in the  
ousting of Minister de Rivas and the  
severance of diplomatic relations with  
Holland with a new set of men  
who represent various factions in  
the state and who have been  
prominently in various parts of the  
history of the country.

Not only has Dr. Paul been re-  
moved from the ministry but also  
from the councils of the state. Dr.  
Balderrama, a former minister of  
Castro's cabinet, who has been  
removed from his official position as  
minister of the interior, Gen. Bol-  
ferran, the minister of war, who  
also was a member of Castro's

ministry of acting president Gomez in  
1906, has been succeeded by Gen.  
Quirares who took a prominent part  
in crushing the revolutionists two  
years ago.

Washington Dec. 21.—The most  
complete mystery so far as any of-  
ficial admission can be obtained,  
surrounds the destination of the  
battleship Maine which left Nor-  
folk today under sealed orders.  
Neither the state nor the navy  
department officials will make any  
statement on the subject further  
than to say that the vessel has  
gone on a cruise and they will  
neither deny nor affirm rumors for-  
mally in the vicinity of Venezuelan  
waters. The American government is  
without any moral representation in  
the immediate action and should  
an outbreak against the existing gov-  
ernment occur such American in-  
terests as may exist in the ports of  
Laguaira, Peto, Guayana and Mara-  
cayibo would, perhaps, appeal to the  
navies of foreign nations for help.

## THE INCORRIGIBLE BOYS

Guthrie Ok Dec 21—Asserting that the child is the states best asset and that the worlds future lies hidden away in the thoughts and tendencies of a little child Miss Kate Barnard will urge upon the coming legislature the establishment of state industrial schools for incorrigible and criminally inclined boys and girls

She declares that there are 150 such children in the state who are running the streets unrestrained or are housed in county and city jails Miss Barnard will also urge the establishment of a home for the weak minded sixty-five of whom are now in the state hospital for the insane

## Seventy-five Wayward Girls.

Miss Barnards recent report shows that there are seventy-five wayward girls between the ages of 8 and 16 years who should be restrained and educated in some useful trade or occupation under the shelter of a state institution

In an effort to impress upon the minds of the legislators the great need of state industrial schools for boys and girls Miss Barnard makes public several letters she has received from parents and county officials over the state

From a county officer at Merford comes a letter stating that in the jail of Grant county are several boys who are habitual thieves The boys are badly raised stay out in the fields of the time when not restrained in jail and when they are tried for an offense their parents

make no effort to help them and do not even appear in court The letter declares that the parents of the boys are themselves thieves and that there should be some place where these boys could be taken away from their present baneful influences

## Boys Terrorize Towns.

The people at Lookout Ok are afraid to go away from home fearing the depredations of two boys in the neighborhood according to an other letter These boys have recently repeatedly broken into stores and residences and stolen money and valuables and as there is no place to send them permanently they return to their depredations as soon as released from jail

A mother at Asher writes that she has two boys who are roaming about and refuse to go to school and she appeals to Miss Barnard to find an industrial institution for them where they will be compelled to go to school

A pathetic case in which a boy of 14 years was compelled to steal to keep from starving to death is reported from Guymon The boys parents are dead and he was living with a brother The brother came home one day in a drunken condition and drove his wife and children from his home including the boy in question The youth wandered about homeless and was on the point of starvation when he entered a house and stole \$60 He confessed his offense and the county officers did not feel like placing him in jail and

were at a loss to know what to do with him

## Letters From Parents.

The list of letters includes one from a father at Spiro who states that he is a widower and has been keeping his 10 year old boy with him but that he is crippled and sick and must go to a hospital The father states that the boy has gotten beyond his control and will be home less when he breaks up housekeeping and pleads for some place where his boy may be cared for and educated

From Hartshorne comes the report that two boys 8 and 12 years old have repeatedly broken into cars and entered houses stealing money and goods and that their mother who is a good woman and compelled to take in washing for a living is unable to control them The father of the boys is declared to be a gambler who stays away from home about half the time and pays no attention to his children

The county officer who writes the letter states that he is ashamed to send mere babies to jail and is at a loss to know what disposition to make of these children

### Amusements.

McDonald Stock Co., scored a big hit at the opera house last night by presenting S. S. Leibert's famous labor play, The Mechanic, and the Lady. Miss Hazelle McDonald, in the title roll, played the part in a very acceptable manner. Her acting and singing is far above the average seen with a popular priced show. The company is evenly balanced and each actor handled their respective parts in a masterly manner. The musical act by the Musical McDonalds, was a decided hit, and a clever novelty. This famous company will hold the boards all week, changing plays and specialties each night and Ada theater goers will have a treat in the way of new plays and specialties.

## COTTON COMPRESS RECEIPTS

The Ada Cotton Compress is one of the important industries of this city that draws outside patronage, and thereby gives employment to a number of people who spend their earnings here.

The railroad receipts up to date amount to about 20,000 bales, while the local amounts to about 5,000.

Douglas Lassater, the manager of the Ada Compress is an indefatigable worker, a most capable cotton man and one of the all round good citizens who keep Ada in the forefront.

In addition to these cotton receipts, other yards and the gins have several thousand bales.

Ada is every year improving as a cotton center, and it is brought about by its vantage point of three railway systems, cotton compress, cotton seed oil mill and cotton buyers from all principal points, as well as those for export.

Frison Bros., who buy cotton for export, have by their fair dealings and high grade of cotton shipped abroad, made for Ada a name in the cotton world that is second to none, when the amount of shipments are considered.

### ORDINANCE NO. 164.

An Ordinance Regulating the Building and Maintaining of Awnings in the City of Ada, Oklahoma.

Be it Ordained by the Mayor and Councilmen of the City of Ada:

Section 1. That it shall be unlawful for any firm, corporation, person, or persons to erect, construct, or maintain any awning over the sidewalk, or any part thereof, which shall be suspended from the said buildings by iron or steel bars, firmly implanted in the walls of said buildings and not supported by any posts whatsoever, and have iron or metal framework with cloth, canvass, metal, or corrugated iron covering, and the lowest part of said awning, where it extends over the sidewalk, shall be at least seven feet above the same and said awning shall not extend more than eight feet over the said sidewalk. Provided, however, that such awnings as are now in good repair shall not be condemned, but shall be allowed to remain until such time as they are deemed unsafe, then said awnings may be condemned in the manner hereinafter set out, and the provisions of this ordinance enforced.

Section 2. When any awning shall have been constructed in said city contrary to the provisions of this ordinance, or when any awning, constructed approved for in this ordinance shall become unsafe, or when any awning now existing at the date of the passage and approval of this ordinance shall become unsafe, it shall be the duty of the sidewalk committee of said city council to report the same to the council at its next meeting, whereupon the council shall pass a resolution condemning said awning or awnings and order the same removed, and torn down.

Section 3. When any awning shall be condemned as hereinbefore provided, the owner, agent, or occupant of said premises shall be given five days' notice in writing, by the marshal of said city, to remove said awning or awnings within five days from the service of said notice; and if the said awning or awnings are not removed within such time, the said marshal shall proceed at once

to tear down the same and to sell the material thereof to pay for the expense of such work, at public outcry, without further notice. The said city marshal shall be allowed twenty-five cents for each twenty-five feet of awning so torn down by him, and shall be allowed to employ such help as he may need in the execution of such work, and to pay for the same at the regular and customary price for such work. When said material in said awning shall have been sold as provided for herein, the excess, if any, above the cost of the removal, shall be paid to the owner of said building; but if the amount of said sale be less than the cost of removal, the said city shall pay the deficit.

Section 4. That all ordinances and parts of ordinances in conflict herewith are hereby repealed.

Section 5. An emergency is hereby declared by reason whereof it is necessary for the immediate preservation of the public peace, health and safety that this ordinance take effect and be in force from and after its passage, approval and publication.

Passed and approved this the 21st day of Dec. 1938.

**HOME GOING**  
What a man thinks about his home in the hour when he turns homeward is a luminous discovery of his character.

The man who goes home ungrudgingly and without longing is not the husband or father or son that is ought to be. The man who returns from the great world to his own doorstep without this is a poverty stricken soul. He demonstrates in that poverty that he has never given anything unsparingly out of his life to make his home a place worthy to be lived in.

On the other hand the man who approaches home with rising joy and quickened affections is he to whom the dear ones within the home have surely owed many consecrated services of love.—The Interior

A neglected Bible means a starved and strengthless spirit, a comfortless heart, a barren life and a grieved Holy Ghost. If the people who are now perpetually running about to meetings for crumbs of help and comfort would only stay at home and search their Bibles there would be more happiness in the church and more blessing in the world. It is prosaic counsel but it is true.—B. F. Meyer

We are now prepared to make buttons of all sizes 23c each. GRAND LEADER

**ONE WEEK SPOT.**  
Most Ada People Have a Weak Point and Too Often It Is The Back.

Everyone has a weak spot. Too often it is the back. Twinges follow every sudden twist. Dull aches keep up day and night.

Tell me the I need help—for backache is really kidneyache. A kidney cure is what you need. Doan's Kidney Pills cure sick kidneys.

Cure backache and urinary ills. Ada people recommend the remedy. E. L. Canterbury, Sixteenth St. Ada, Okla. says: "I can recommend Doan's Kidney Pills very highly as they cured me of a distressing case of kidney complaint. My back was so weak at times that I was unable to work in fact found it very difficult to walk. Dull nagging pains through my loins also caused me great misery and I had sharp twinges when I attempted to stoop or to lift. The kidney secretions were much too frequent in passage and caused me additional annoyance. Doan's Kidney Pills procured at G. M. Ramsey's Drug Store rid me of the trouble and I have had no return of it since."

For sale by all dealers. Price 50 cents. Foster-Wilburn Co. Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
